www.cbgd.co.uk

WHEN YOU WANT UNIQUE, YOU NEED BESPOKE.

Our expert team has been designing, manufacturing, and supplying a unique portfolio of unrivalled premium products since 2008.

Many of our products are bespoke, manufactured specifically to meet our clients' individual requirements. We specialise in architectural glass solutions, bespoke internal timber doors, and a comprehensive range of premium external aluminium entrance doors. Our range of pivot doors offers an ultra-modern alternative to conventional doors and room dividers.

Furthermore, our collection of aluminium windows and doors demonstrates our commitment to innovation and excellence.

We work closely with architects, specifiers, interior designers, property developers, and private clients, providing unique solutions that create interiors marked by distinction.

As members of the Glass and Glazing Federation (GGF), the leading representative organisation for companies in the glazing sector, we ensure industry-leading standards across all our products and services.

Experience the exceptional quality of our ever-expanding portfolio first-hand by visiting our showroom in Poynton village.

LUXURIANT OUTDOOR LIVING

Transform your outdoor space with our collection of premium roofing solutions. Soak in the natural light from the glazed roof, and enjoy a comfortably shaded atmosphere with our integrated electric roof blinds. Featuring zip technology for a seamless look, and a range of accessories such as lighting rails, heating elements, and wireless motors with sun, rain, and wind sensors. Choose from a variety of colours for complete design control.

ELEGANT VERTICAL BLINDS

Enhance your outdoor privacy and comfort with our vertical blinds. Perfect for low sun and gentle breezes, they can be easily retracted and even removed during the winter. Choose from a variety of luxurious fabrics and patterns, with UV blocking and dirt and water-repellent properties.

ENCHANTING LED LIGHTING

Extend your outdoor hours with the touch of a button. Our LED lighting rail provides a dimmable lighting solution, wall mounted, installed in the awning cassette, or integrated into the aluminium supports of the roof.

INFRARED HEATING

Stay warm no matter the temperature with our modern and efficient infrared heating element. Reach the perfect temperature in just 30 seconds, and never have to cut short your evenings again.

PHILLIP WATTS HANDMADE IRONMONGERY

ARTISTRY IN ARCHITECTURAL IRONMONGERY: THE PHILIP WATTS DESIGN COLLECTION

Experience the extraordinary world of Philip Watts Design, where architectural ironmongery becomes an art form. As a supplier of these exceptional products, we bring you one-of-a-kind, handmade pieces that balance the finesse of a jeweller, the imagination of a sculptor, and the practicality of a craftsman. Philip Watts Design, a name synonymous with the unconventional and avant-garde, began in 1993 in a small design workshop in Nottingham. Today, it boasts a remarkable collection of over 500 unique creations, extending from distinctively sculptured door handles to handrails and furniture.

Step into a realm where the ordinary is transformed into the extraordinary - tactile Amoeba and Pebble handles, playful Phone recasts of vintage telephone handsets, and the nature-inspired Branch and Twig door handles. Each piece tells a story, crafted via the almost primeval process of sand casting, employing materials like aluminium, bronze, and brass. As a result, every item exhibits a character of its own - from the natural charm of bronze, the futuristic allure of aluminium, to the versatile appeal of brass.

Our range of Philip Watts Design products invites you to transform your spaces into expressive canvases, where functionality meets artistry, and where your doors become gateways to unparalleled creativity and design.
